

Relief a gift for needy

PEOPLE in need walk into Doncare with a weight on their shoulders, but walk out with their arms full and a burden lifted this Christmas.

The Doncaster welfare organisation's chief executive Doreen Stoves said Doncare had handed out about 110 hampers and a room full of toys to families.

"It's really lovely to see the great sense of relief on the faces of the people who are worried about not being able to buy presents for their kids when they come in and get a hamper and toys," Ms Stoves said. She said service groups, schools, churches, organisations and individuals had donated the gifts to Doncare.
